Following in the footsteps of previous WAIMH congresses, mutual exchange that crosses disciplinary boundaries will be at the heart of the 2020 Brisbane congress. We are looking forward to welcoming scientists and infant mental health experts from across the world, for an exchange of scientific research, clinical experience, theoretical ideas and socio-political ideas. We call on infant mental health experts to submit proposals in order to bring together diverse clinical experience, scientific knowledge

and cultural views and to enable an international exchange among colleagues from international and interdisciplinary fields.

ICCP 2020 builds on previous conferences and is based in Melbourne and the broader Asia-Pacific region. This location was originally and continues to be home to many Aboriginal communities.

This conference seeks to celebrate and interrogate the ways solidarities are fostered and sustained within community contexts, across borders and boundaries, digital and non-digital spaces, and through process of knowledge production. The conference seeks to give a critical platform to the ideas and work emerging from coalitions with practitioners, artists, educators, activists, and diverse communities. We are interested in exploring and showcasing scholarship, activism, practice, and critical scholarly engagement, from around the world that seeks to bring about sustainability, inclusivity, and wellbeing for all.

### IMPORTANT DATES

- **September 6<sup>th</sup>, 2019:** Abstract Submission Closes.
- **February 24<sup>th</sup>, 2020:** Early Bird Registration Closes.
