## BOARD STATEMENT

Dear members of division 8, dear colleagues and friends,

The board of IAAP division 8 is deeply concerned about the ongoing war in Ukraine, the thousands of deaths, the immense destruction and the displacement of millions of people. Our solidarity and sympathy are with all Ukrainian colleagues who experience the horrors of this war in Ukraine themselves or who have to witness its from abroad, as well as with all affected.

We also stand in solidarity with all those Russian colleagues and others who, not least against the background of the ethical standards of our profession, condemn and stand up against the actions of the political leadership of their country, which are contrary to international law and deeply reprehensible. We fully support the IAAP Statement about human rights and peace and security (<https://iaapsy.org/about/human-rights-statement/ukraine/>).

We also want to offer our practical assistance and have reached out to a division member in Ukraine. In case you are affected by the war and in need of support or have an idea how to help, please get back to us.

Kind regards, your board of division 8 of the IAAP:

Sonia Lippke, President  
Yiqun Gan, President-Elect  
Urte Scholz, Past President  
John de Wit, Secretary  
Adriana Băban, Member-At-Large  
Karolina Zarychta, Communications Officer

## POTENTIAL MAILING LIST ERROR

A few weeks ago, an email was sent out to all members of the IAAP Health division, with a call for contributions to this edition of the division's section of the monthly IAAP eNews bulletin. However, no contributions were submitted. This raises the question whether the call for contributions reached you as intended. You can let John de Wit know if you did not receive the call for contributions sent out by email on 14 March.
