

## ***Communications from your Executive***

The Executive Committee of [IAAP Division 1, Work and Organizational Psychology](#), would like to underscore the sentiments of the IAAP governing body regarding the attack on Ukraine by Russia. We too respect your strength of spirit and support your right to protect your freedom. We are humbled by your optimism, sense of purpose, and togetherness, and we are inspired by your determination. We are thinking of those affected by this war and we offer our support to our members in need.

We would like to express our support to all citizens of Ukraine who are defending their freedom and independence of their Homeland and to all those who, as civilian victims of the conflict, are suffering from fear, separation and lack of basic necessities.

The IAAP Statement on Human Rights and Peace and Security (March 2022) can be accessed here:
