PROFESSIONAL ACTIVITIES AND ACHIEVEMENTS

From September 2nd to 6th, 2024, Leipzig University in Germany hosted the PhD course titled [Research Methods, Publication Strategies, and Career Perspectives in Sport Psychology](#). IAAP members were involved in this international event, which brought together early-career researchers from 11 universities and 10 nationalities.

2024 Leipzig PhD Course Group Photo

- The course offered a deep dive into research methods, manuscript preparation, and academic ethics, with sessions led by field experts. Participants gained personalized feedback on their research and explored career paths in sport psychology. The course also fostered valuable professional relationships through social events and interactions with peers and experts, paving the way for future collaborations. The experience was both academically enriching and socially rewarding, making it highly recommended for PhD students.

EUROMENTAL PROJECT: Co-construction of training contents in sport mental training in Europe.

Association of Esport Psychology (AEP) is creating a science-based platform for gamers and esport players. All members have degrees in sport psychology ranging from a bachelor's degree to a 1-year master's degree from Halmstad University where prof. Xavier Sanchez is one of the tutors. During the 8-10th of September AEP got the opportunity to attend the European Finals of the esport League of Legends (LEC) and to speak about sport psychology.

ANY NEWS TO SHARE?

Please contact us if you have additional information, items to share, questions to ask, or ideas to put forward in relation to Division 12 activities. The Executive Committee aims to contribute to eNews 4-times a year (March, May, October, and December). *Your news can be included if you send it on the 2nd Monday of the preceding month (February, April, September, November).* Calls for items will be sent out on the 1st Monday of the preceding. We welcome contact from all our members and those interested in joining.
